Brian Dean

Web developer seeking work: WordPress, raw coding, AI experience, media, content creation, etc

Spokane, WA 99201 | bridean@gmail.com | 206.788.5129

Work Experience

Web Designer, Developer, Presentation Engineer

Myself - https://brian-dean.com - Remotely | 2007 to Present

Building, updating & maintaining websites as well as (interactive) multimedia content for a wide variety of clients as a freelancer & contract worker.

Web Developer / WordPress Developer

Brand It Advertising - Spokane, WA | October 2022 to July 2023

Building, updating, maintaining & repairing client's websites. With CSS, PHP, JavaScript / jQuery, a variety of Google tools & augmented AI development with ChatGPT.

Front End Web Developer

Hagadone Media & Creative - Coeur d'Alene, ID | October 2018 to March 2020

Building out websites for a variety of clients. Mainly WordPress websites using the Beaver Builder theme, sometimes working with PHP & jQuery, Bash command line & Plesk for each website I worked on. Laid off in March 2020 due to the COVID-19 economic downturn.

Webmaster & CRM Specialist

Maids by Trade - Portland, OR | July 2015 to July 2016

Two roles in this temp position: A) To boost this company's website's performance & do some redesign. WordPress, HTML, CSS, JavaScript/jQuery, tons of WP plugins and all sorts of SEO tools and reports. B) To extend the capabilities of this company's Zoho CRM system.

Education

Certificate of Completion

Interface College Spokane | 2010 - 2011

BA in Animation

Evergreen State College | 1996 - 2000
